**ELECTION YEAR** always has its laughs as well as its cussins. The other day Jim Barnes called at a woman's house to solicit her vote for jailer. She was busy mopping the kitchen. "Ain't got time to bother with you now—too busy," she said. "Well just gimme that mop and I'll do the swabbing for you while you listen to my election spiel," Jim retorted. So he mopped—and talked—and the woman smiled. Hearing a noise on the back porch, Jim dropped his mop and peered out the door. There sat Prentice Thompson, another candidate for jailer, doing the lady's churning.

**A FELLOW CAN'T HELP** but admire men like Mr. Lawrence Solomon at Calvert City—who led the way in giving electricity and modern conveniences to North End families—along with good service for more than a decade. Despite the litigation over who is to be Mr. Solomon's successor—the REA co-op or another private enterprise, Kentucky Utilities—north end folks all agree Mr. Solomon's done a fine job.

**CONGRATULATIONS:** To the county valedictorians and salutatorians—Ann Jones and Lena Pearl Thweatt of Hardin, Sue Owen Faughn and W. H. Ford of Calvert, Phyllis Ann Blakney and Boyce East of Sharpe, and the unusual Brewers "quartet," Marilyn Chester, Margene Miller, Betty Yates and Francis Whitt. Last week's Tribune marked the first time in history that ALL county school valedictorians and salutatorians have been pictured in a Marshall County newspaper. We think it rates a little more than just mentioning when a student does as well as these ten—and we know most of our readers agree and join in extending congratulations of the whole county.

**THE BEST LOCAL** pair of "singing sisters" at the moment probably would be the Kinney girls—Mrs. Alvin Austin and Mrs. James Thompson. They do a lot of singing together—and are drawing a lot of favorable comment.

**IBONY:** How folks who make their bread and butter from advertising and promotion space sold to others can object loudly to the principle of advertising—when it's done by a competitor.

**EVERYONE AROUND SHARPE** is talking about the beautiful musical program presented by a joint choir from all churches of the community at the baccalaureate program the other night. High class numbers done in a high class manner.

**THE FRIDAY NIGHT** singings at Maple Springs are becoming big events. It isn't unusual for more than a hundred folks to turn out—for the quartets, solos, duets and community songs. I started out somewhat as a community project—but folks from all over the county, and some from other counties, are now turning out.

## Here's the Story of the "Mother of Mother's Day"

It's Been Annual Occasion Since May of 1907

How Carnations Came to be the Choice Flower

**IT'S BREAKFAST** in bed for Mother on Sunday, May 8! Figuratively speaking, of course—in most cases—but Sunday IS Mother's Day, when warm-hearted tributes from Dad and the kids assure Mom that she's queen of the household. But few of us know the story of Mother's Day—how it came to be that one day out of the year is set aside in special tribute to Mother. So here's the story for Tribune readers.

This Mother's Day will be celebrated for the first time without the active blessing of its founder, Miss Anna M. Jarvis of Philadelphia. Miss Jarvis, who almost single-handed created the nation's most sentimental holiday 42 years ago, died last November. She was 84, weak with the infirmities of age and almost forgotten by the public. Ann Jarvis grew up in Grafton, W. Va., where her mother taught Sunday School in St. Andrews Methodist Church. Each year Mrs. Jarvis conducted a celebration honoring the mothers of her Sunday School pupils.

In 1905, when Anna Jarvis was 41, her mother died. Anna spent the rest of her life in a great crusade to establish the second Sunday in May as a memorial to her own mother and to mothers all over the nation. She arranged the country's first Mother's Day service in May, 1907. Held in St. Andrews Church, it was dedicated to Mrs. Jarvis and all the mothers of Taylor County.

The next year, Anna Jarvis persuaded Philadelphia to proclaim the first city-wide Mother's Day. At her urging, West Virginia made Mother's Day a State-wide holiday in 1912, and Pennsylvania followed suit the next year.

With single-minded tenacity Anna Jarvis made innumerable speeches before men's and women's clubs and meetings of all kinds. She carried on extensive correspondence with governors, statemen, clergymen and editors. Public response was enthusiastic. Congratulatory letters piled so high that she purchased an adjoining house for storage purposes.

In 1914, Anna Jarvis' persuasive pen won President Wilson himself. He signed a joint Congressional Resolution lauding the American mother as "the greatest source of the country's strength and inspiration." It established Mother's Day permanently and authorized federal display of the flag "as a public expression of our love and reverence for the mothers friends—and admirers of our country."

In the succeeding years, Miss Jarvis spent every penny of the moderate fortune left by her mother in establishing Mother's Day as a deep-rooted American tradition. During these years, she cared for her declining sister, Elsie, blind since birth. Devoted sons and daughters will be honoring more than their own mothers when they shower them with gifts and affectionate Mother's Day greeting cards on Sunday, May 8. They will be paying tribute to the idealism and preservation of Anna Jarvis, who gave the nation's respect for mothers its first tangible expression—

the carnation. The carnation was suggested as official Mother's Day flower by Anna Jarvis because it had been her mother's favorite. Gradually the custom developed of wearing red carnations to honor living mothers, and white boutonnieres for deceased mothers.

In 1943, a small group of her Mother's Day.

### It's a Century Old But It's Still Legal Tender

It was made well over a century ago—but it's still legal tender. A half-dollar bearing the date "1828" found last week by Golden York while helping tear down the old Martin York place on the Olive Road near Aurora.

The half-dollar was lodged in a crack and apparently had been there for years—real way of knowing just how long, Mr. York said.

The coin, made back when John Quincy Adams was president and Henry Clay was Kentucky's most famous citizen, was worn but little and was only slightly discolored.

"I imagine it would be worth considerably more than 50 cents to a coin collector," Mr. York opined.

**YOU CAN'T HAVE THIS**

**IF YOU ALLOW THIS**

**PLENTY** of paper is necessary for our way of life.

You can't have plenty of paper without plenty of trees. For most of our paper comes from wood.

America can grow all the trees it needs, if forests are given proper care and protection. The greatest hazard is **FIRE**, which destroys not only trees that have grown, but trees that will grow.

Most forest fires are caused by sheer carelessness. More care with matches, cigarettes, campfires, will stop most of them before they start. Help yourself, by helping prevent forest fires.

## THEY'RE CHANGING!

Because Now D-X Motor Oil Contains  
**EXTRINOL\***

Yes, thousands of motorists have found that ordinary motor oils alone do not give them the complete lubrication protection they need. That's why they're changing to the oil with the "extra" — D-X motor oil with Extrinol. This great new motor oil will help your motor deliver extra power because it helps clean your motor while you drive. It protects your bearings against rusting, pitting and wear. And it fights oil-eating sludge. It does all these things because it contains the "extra" of Extrinol — at no extra cost.

\*Extrinol is the name of the complex chemicals that are added to D-X to make it a tougher, safer, more economical motor oil. Change to D-X with Extrinol. Get this Extrinol's extra protection today... at any D-X station.

Add to those unique attractions, the "zing"... the economy and proved dependability of Pontiac's famous improved straight eight and six cylinder engines... and the matchless driving enjoyment of GM Hydra-Matic (optional at extra cost) and you've got something almost irresistible! **Symsonia:**

By Mrs. Byron Shemwell

Hello everyone: Here comes the first letter from Symsonia. Not a very big town—but a good one to live in. At least we all like it.

Seems as if everyone was busy the past week planting gardens. And of all things it is time once again to push the old lawn mower.

Strawberries seem to be getting ripe now. Some of our neighbors had them for dinner yesterday. (Wish I knew it!).

A. H. Watkins is having a concrete porch built to his grocery.

Walter Barnes, Hill Barnes and Billy Watkins went to the lake fishing yesterday—but did not have any luck.

Othal Barnes has gone to Memphis on business. Mr. and Mrs. Walt Carlson of Chicago are visiting Mr. and Mrs. Louis Halsey.

Mr. and Mrs. Veldort Smith were visitors in our home Saturday night.

Miss Freeda Shemwell and Ella Mae Reid were Saturday evening visitors in Benton.

**High School Notes**  
As to the senior class of Symsonia High School—here go my congratulations to each and every one...and sincere wishes for a successful future. They are upperclassmen now, stepping out into the world to help one another. Here's hoping when they look back to their school days they can always smile and be proud to say, "I am a graduate of Symsonia High School."

The junior class entertained the seniors with a formal banquet at the Hotel Irvin S. Cobb. Everyone was dressed in new formals and they all seemed to have a nice time.

The graduates presented a Negro minstrel Saturday night.

At last we are getting our school built up. They have the cafeteria almost completed. And for the younger ones they have the playground graded—on which they plan to build a baseball diamond and tennis court.

### Jews and Palestine To be Discussed at Calvert City Church

Dr. J. H. Cohen, Bible teacher, author, and evangelist, will speak next Sunday morning at 11 o'clock at the Calvert City Baptist Church. He will discuss "The Jew and His Return to Palestine," according to the Rev. L. R. Riley, pastor.

Dr. Cohen has been in the Baptist ministry for 30 years and has spoken in over 2,000 churches in the interest of the Jewish Evangelization and revival meetings.

He recently returned from his fifth trip to Europe and Palestine, being present at the formation of the new Jewish state of Israel. A cordial invitation is extended to the public to come and hear him.

### Youths Pay Visit To Nelson Farm

All vocational agriculture students at Benton High School, on a field trip to Bill Nelson's farm Tuesday morning, witnessed a post treating demonstration under the supervision of Robert Rider, county forester, and Joe Duke and Morgan Hill, agriculture teachers.

Mr. Rider discussed the importance of post treating in the classroom before the trip. The chemical used is the new "penta" mixture highly recommended by agricultural leaders.

## Spring: Prettiest Time of Year

By Reba Lee Johnson  
and Betty June Barker

How do you do, neighbors?  
And how does this week's news  
find you?

This is the prettiest time  
of the year—with flowers bloom-  
ing and all those nice smells.  
I think most folks like summer  
best. I like fall almost as well  
— but the thought of cold  
weather just about gets me.

The Ben Mullinax funeral  
was conducted by Bro. Charlie  
Farmer at the Community  
Chapel Sunday afternoon.

The spring season is really  
bringing out the evergreens and  
shrubs at Johnson's Nursery —  
looks nicer now than ever be-  
fore this spring.

Spring—More Visits

You know it's springtime be-  
cause folks are visiting more  
often. More active — except  
those with spring fever. And  
the summertime always has lots  
of good meetings around at  
some of the churches.

#### Mother's Day

It's only two days until Mother's  
Day—a day that everyone  
should remember. I suppose  
those whose mothers are dead  
will place big vases of flowers  
on the graves on that day —  
sort of a special Memorial Day  
—just for mothers. And those  
who have living mothers should  
be really proud of it. Be sure  
to remember your mother on  
Mother's Day—and don't forget  
her the rest of the year, either  
— for mothers and dads are the  
most wonderful folks in the  
world—always there when you  
need them — always ready to  
help.

#### Personalities

Mr. and Mrs. Jewell E. John-  
son and family spent the week  
end with Mr. and Mrs. Acie  
Johnson.

Mr. and Mrs. Everett East  
and family visited Mr. and  
Mrs. Marion Dawes Sunday  
afternoon.

Mr. and Mrs. Cletus A. Cross  
and son, Donnie, visited Mr.  
and Mrs. Otis Cross and daugh-  
ter, Shirley, Sunday.

Mr. and Mrs. Roy Barker

visited Mr. and Mrs. Albert  
Litchinburg and daughter, Car-  
olyn Ann, Sunday.

Bro. Charlie Farmer and wife  
Mr. and Mrs. Louie Bradley,  
Mr. and Mrs. Ferdie Dawes of  
Briensburg and Mrs. Bradley  
were Sunday callers of Mr. and  
Mrs. Acie Johnson and daugh-  
ter, Reba Lee, Sunday.

Mr. and Mrs. Roy Barker and  
Betty June also had Sunday  
visitors—Mr. and Mrs. Sam  
Hines and children; Mr. and  
Mrs. Theo Rickman and daugh-  
ter of Palma; Mr. and Mrs. Es-  
ter of Route 6.

Miss Reba Lee Johnson spent  
Saturday night with Betty June  
Barker. Miss Rose Marie John-  
son and Miss Mildred Johnson  
spent Sunday with Mr. and  
Mrs. Harmon Davis, who is now  
in the Army.

Miss Dorothy Norvell was  
visiting in Griggstown Sunday.  
Acie Johnson is doing pretty  
well with his crop — already  
has out a big acre of Kentucky  
Wonder stick beans. Won't be  
long until the sweat mill rolls  
— This is all for now—but we'll  
be back soon.

—The Two Cronies.

## Some are Lucky Some are Rich

### Pleasant Hill:

**By William Peck**  
Here I am again banging away on this old remington, as I search here to yonder trying to find something to write about.  
We note that there are some people who are lucky, some are rich, some are poor, some are good looking, some are like myself ugly, some have nice manners while others have rough manners some have pleasing personalities while others have no personality at all, but that all goes along with life.

**Building Project**  
A new house building project will soon begin in the new subdivision. The project calls for a number of modern constructed houses, the work will be in charge of C. V. Adams, real estate agent, of Calvert City.  
M. G. Stice of Calvert was in this section Wednesday, also David Inman of Hardin.  
There was a boy started to college and like all other fresh-

men in college, he though he was smart. His English teacher told him to compare the word "good" and "gooder, and goodiest."

Miss Maurice Hobgood and Mrs. Blanche Stice and son, Tom, of Calvert were in this section Friday.

The Veterans Vocational Class under the fine leadership of their instructor, David Inman, have gone on several field projects this year—the seed labeling speech, the sale of spotted Poland China hogs in Missouri, speeches on dairying, and a trip to Johnson's Nursery.

Raymond Houston or Calvert has the spotted Poland China hogs and he says there is none better. Raymond, you might have something there.

Pvt. Lowell O'Daniels of the armed forces is spending a furlough with his parents, Mr. and Mrs. Johnnie O'Daniels, at this writing.

A thought for closing: Read the story of the woman at the well in John 4:28 and 29.

## HAROLD HOLLAND'S STATEMENT FOR ELECTION AS COUNTY JUDGE

To the citizens and voters of Marshall County: In accordance with the statement published in this newspaper a few weeks ago, I desire at this time to formally announce my candidacy for the office of County Judge of Marshall County subject to the actions of the Democratic primary August 6, 1949.

I was born and reared on a farm in Marshall County. The youngest son of one of the county's democratic families. My parents were lovingly known as "Uncle" Marion and "Aunt" Neal Holland.

After graduating from grade school in Marshall County, I attended McTyrre Preparatory School, McKenzie, Tenn., for four years. After graduating from McTyrre I entered Kentucky Wesleyan College, Winchester, Ky., as a student for two years. It became necessary at the end of my second year of college work for me to secure employment to earn enough money to complete my college education. I taught school for almost two years. In the latter part of my second year of teaching, World War I interrupted my educational program. In April 1917 I volunteered for service with the Artillery Forces of my country, and enlisted as a private in the United States of America and with the American Expeditionary Force in France. Before going overseas was commissioned a Captain in the Field Artillery and placed in command of Company A, 14th Ammunition Train, 9th Division. I served in this capacity until the end of World War I, and was honorably discharged with the rank of Captain in 1917.

After my discharge I returned to Marshall County and engaged in farming with my father for some time. In 1928 purchased a part of my father's farm and for the past twenty years I have been supervising my farm and selling building materials to dealers in this territory with my home and headquarters here in Marshall County the past sixteen years.

I sincerely request every citizen and voter to give this brief summary of my past experiences and educational qualifications, due consideration as you decide upon the candidate you will support and use your influence to nominate in the August 6 primary.

This is the first time I have ever been a candidate for an public office and if you believe I am qualified to administer the duties of your County Judge's office in the dignified manner they deserve. If you are willing to give a native son his first opportunity to serve the people of his home county in time of peace as he served his country in time of war. Give me your vote and use your influence in my behalf. I assure you there is no one beneath the wide arch of Heaven that will appreciate it any more than I will.

In return for your sacred vote and confidence, I pledge to you a progressive, upright and economical administration of the vast duties appertaining to this office as provided in the state statutes. I fully realize that the important duties and vast responsibilities of this high office, requires strong physical, moral and courageous character, willing to sacrifice self to promote the general welfare and prosperity of all the people of the county regardless of wealth, race, color or creed. Keeping uppermost in mind at all times our democratic adage, "Equal rights to all, special privileges to none." All this I purpose to be an to do, as your County Judge God being my helper.

Never before in the history of our country has there ever been such a vast amount of rich resources from which our County Courts draw and obtain means for the development of the physical, social, moral and economical standards of living for all people of our county. Our state and federal governments have already shown that they are willing to help in these developments by spending millions of dollars in our county building Kentucky Dam, developing Kentucky Lake, building roads, establishing state parks, providing additional road funds by special tax assessments and furnishing our county with state patrols.

If you want to see Marshall County developed to a higher standard of living than the next four years by taking advantage of the vast opportunities now

the candidate you honestly believe is the best qualified to be your County Judge during these years of golden opportunity.

If you believe I am worthy and capable to fill this high office in the dignified manner it deserves, give me your vote and use your influence to nominate and elect me, and I assure you that I will never do anything that will cause you to regret that sacred trust and confidence. If you don't know me personally and want to investigate my record and qualifications, just ask my neighbors.

I hope to have the privilege of seeing and discussing the issues of this campaign personally with every voter and citizen in Marshall County, but should I fail to see you, please consider this my humble plea for your vote and influence.

Sincerely,  
Harold Holland

posers.

I am not a stranger to the people of this district or county. I have had 14 years experience as a constable in this county, collected taxes under Burnet Holland, Jack Edwards and George Smith. I worked under the supervision of Mr. Smith day and night and assisted him in breaking up 27 road houses.

My service to Mr. Smith was to the welfare of Marshall County and without cost to the taxpayers.

I am still interested in the welfare and well being of our people and if elected to this office I will do my duty without fear or favor to anyone. I may be a little old fashioned in the political arena of this day and age, but I still believe in advocating "equal rights to all and special privileges to none."

## They Had Plenty to Talk About

When two octogenarians get together, there's always plenty to talk about—particularly if they are childhood playmates who haven't been together for quite some time.

Such an encounter was experienced last week when Mrs. Belle Kingsolving and her lifelong friend and childhood playmate, Lucy Love, rehearsed old times while Mrs. Love was visiting here.

Both are 83 years old, with Mrs. Kingsolving having a nine-month edge in age.

### Announcement

(Continued From Front Page)

I am in favor of a bonus for our veterans; and believe that added state taxes on liquor, ice cream and racing would adequately pay for this bonus. The boys who left their homes and loved ones to fight the battles upon foreign soil that democracy might survive are due a bonus. Other states have paid a bonus that are less wealthy than Kentucky.

And this bonus for our veterans would add no taxes on the shoulders of the taxpayers of Marshall and Lyon Counties, who are already overloaded and taxed to the gills. Let the liquor and racing interests pay this bonus; they are able and if elected our veterans will get a bonus and I will not take excuses from the political gamblers from Eastern Kentucky.

Our old age assistance allotments are only about 30 percent in comparison with actual needs and in many cases those who are deserving are denied old age pensions.

There is entirely too much politics in our Highway Department and there is no reason why any employees should be expected to contribute for political purposes in order to be permitted continued employment in a "Supposed-To-Be-Free" America.

I hope to have the privilege of seeing and discussing the issues of this campaign personally with every voter and citizen in Marshall County, but should I fail to see you, please consider this my humble plea for your vote and influence.

We make a payment on our good roads with each purchase of gasoline—less than 25 cents is actually used for construction on bona-fide maintenance. Did you know that 23 of our Eastern Counties have no mileage to hard surface roads than Marshall County? Yet they are less wealthy.

Improvements at our state park at the Kentucky Dam would be on a much larger scale if the same site was in Eastern Kentucky. Perhaps the lag is for political purposes and there will be a job for a few just prior to August 6.

Our school teachers are under paid in comparison with other states that are less wealthy. Where is the money going?

I am proud to be from the of our county school superintendents by the vote of the people; if the taxpayer is qualified to shoulder the burden of excessive taxation then he is qualified to have a say as to who should serve as his county school superintendent.

I am proud to be from the ranks of the everyday people and I am aware that my being from a poor family is the greatest weapon that will be used against me during this campaign by the silk and satin boys and the overestimating self-dignified.

As to my qualification, I hardly believe that this is necessary item on the list when taken in consideration that qualifications and reputations in the election of our representatives have seemingly become of minor considerations during the past few years.

However I would like to state that I am not wealthy neither do I boast of a superior education. I had rather claim understanding and reason as the essentials for progress and true happiness during these days when less representation has become a customary expectation and increased taxation is about the only thing we can look forward to when our General Assembly meets.

I shall not at any time during the campaign seek the shelters regardless of how many opponents I have. I am glad to compare my qualifications with them in open debate concerning the issues of the day, and serve notice with this announcement that I invite others seeking the election of representative to meet with me at 20 speaking engagements in Marshall and Lyon Counties.

It will be impossible for me to see all the people as I have two counties to make. In the event that I do not see you, please consider this as my personal appeal for your vote and influence. I am supported by no cliques and opposed by all of them because I favor equality

By Ira Campbell

Hello Everybody: Vacation for our county school students is here at last. With it comes gladness—but with a little sadness always mixed in.

It means goodbye to lots of teachers and pupils who will never meet again. Well do I remember when the girls would cry on a shoulder of some beloved teacher—just a tender spot within the heart that would soon heal—but never be completely forgotten.

To the seniors who are leaving their home and childhood
